

BIG SKY VACATION CONDO

INFORMATION ABOUT THE PROPERTY

Accommodations: 2 Bedrooms + Convertible bed(s), 2 Baths (sleeps 4 – 6)

Location: Big Sky, Montana

Discover the deepest powder of the year, in April!!! April is Big Sky's best kept secret with warmer weather, more sunshine and the deepest snow base of the season.

Welcome to Cedar Creek at Big Sky, a vacation condo rental in the Mountain Village of Big Sky, MT. Almost ski-in ski-out without the sticker shock.

Walk to the slopes of Big Sky Resort and enjoy skiing Montana's famous cold-smoke powder. Big Sky Resort is right out the door (base area 5 minutes away, 300 steps to Cascade ski lift) and Moonlight Basin is 2 miles away. There are 13 bars and restaurants within walking distance. Big Sky has 40+ restaurants and bars and a 2 screen movie theater new this year. The Mountain Village also has galleries, boutiques, a convenience store and a business center.

Winter Activities: The Cedar Creek unit was renovated in 2009 with granite counter tops, wool carpet, new wood floors and slate tile.

What Makes Us Special: Experience true Montana hospitality, a slower pace of life, the rustic West, jaw-dropping views, NO CROWDS and NO LIFTLINES, and the "biggest skiing in America."

Big Sky Resort has launched a new iBasecamp which features a tandem zip line, a zip line canyon course, high ropes course and aerial bungee trampoline.

Montana seems a little further away from it all, but is easier than ever to get to the several direct flight to Bozeman. Big Sky is your gateway to Yellowstone National Park (30 - 45 minutes away) vacation destination fly fisherman (Gallatin, Madison, and Yellowstone Rivers are all close by). Big Sky offers all summer activities of Jackson, WY (white water rafting, horseback riding, hiking, climbing, mountains, 2 National Parks, wild animals) at a fraction of the price and without the 2 million summer visitors to Jackson. We are better known for our skiing at Big Sky, the largest ski-able acres and second highest vertical in the US, and the only major ski resort without lift lines.

UNIT INFORMATION

Floor Area: 800 sq. ft

Theme:

Adventure

Budget

Provided:

Alarm clock

Shampoo

Soaps Basic

Toilet Paper

Towels Provided

Linens Provided
